Dear Nicole Langevin,

Congratulations! You have been awarded the Darkness to Light *Partner in Prevention™* distinction for 2019-2020. This distinction represents your commitment to the prevention of child sexual abuse and to helping children grow up healthy and whole.

Enclosed you will find a *Partner in Prevention* window cling and poster. We hope that you will proudly display this distinction by placing the window cling and poster at the entrance of your facility. This will help show visitors to your facility that you take prevention seriously.

We thank you for investing your time and resources for the purposes of prevention. You are an important part of the movement to prevent child sexual abuse.

Sincerely,

Kelsey Racey  
Interim Programs Coordinator
